

Lifting Operations and Lifting Equipment Regulations Report of Thorough Examination of Crane

Policy / Contract No: NYW39731	Schedule: L1	ES Item No: MOB9
Employer (or plant owner): J&M CRANE & TRANSPORT LIMITED		
Occupier: J&M CRANE & TRANSPORT LIMITED		
Address at which the examination was made: DENTON WHARF MARK LANE GRAVESEND, KENT DA12 2QD		

Item Status	No defects. (OK)
1. Client No / Serial No	LC67JMC / 52505165
2. Description of equipment	Powered Mobile Crane - Wheel mounted
3. Location	Yard
4. Name of manufacturer	Manitowoc
5. Year of manufacture	2018
6. Safe working load	180 tonne @ 2.5 m to 3.7 tonne at 64 m outriggers fully deployed (For intermediate capacities refer to manufacturers load charts)
7. Type of examination / Frequency / Written scheme	PERIODIC / 6 monthly / No Scheme (DL2-EPM)

8. Results	
(a) Defects that are or could become a danger to persons, remedial actions required, and the time by which they should be remedied	None.
(b) Other defects	None.
(c) Observations	The crane was fitted 3 falls of rope using a 32 tonne block with 11.7 tonne of counterweight and the outriggers fully deployed. Fly Jib was examined in yard.
9. Date of previous thorough examination	14/11/2025
10. Latest date by which the next thorough examination should be carried out	09/11/2026

I declare that the above equipment was thoroughly examined on 09/05/2026 in accordance with all the relevant Zurich Engineering Guidance, Risk Assessments and Safe Systems of Work in place at the time. Provided that you remedy any defects stated in section 8a above, this equipment is safe to operate. You should carefully assess the risks and consider everything listed in sections 8b and 8c and act accordingly. This declaration is made on the understanding that the equipment is used correctly and is suitably maintained. Zurich Management Services Limited, trading as Zurich Engineering is a UKAS accredited Inspection Body No. 0006.
